

About making changes about the listing for your Sibshop.....

Thank you for your interest in making sure the information we have about you is up-to-date. If the information we have about your Sibshop needs updating, here are **two ways** to do so:

The First Way:

1. Login in by clicking the words “Sibshop login” at the top of any of the Sibling Support Project’s webpages <http://www.siblingsupport.org/> (see figure 1)

(figure 1)

2. Enter your login name and the password you created when you registered your Sibshop and click “Log in.” (If you have forgotten your password, click on the phrase “click her to retrieve it.”) (see figure 2)

To access this part of the site, you need to log in with your user name and password.

The image shows a login form titled "Account details". It contains the following fields and options:

- Login Name**: A text input field containing "donmeyer". A note above the field states: "Login names are case sensitive, make sure the caps lock key is not enabled."
- Password**: A password input field with masked characters. A note above the field states: "Case sensitive, make sure caps lock is not enabled." Below the field, there is a link: "If you have forgotten your password, [click here to retrieve it.](#)"
- Remember my name.** Check this to have your user name filled in automatically when you log in later.
